Document ID: INTEL-2026-STF-088	Date: 16/01/2026	Classification: TOP SECRET // CID

1. OPERATIONAL BRIEFING & SUSPECT SYNDICATE TOPOLOGY

Technical SIGINT monitoring and field surveillance by STF Team Delta confirmed that the inter-state syndicate headed by target **Vikram Sinha** has reactivated illicit extortion operations across Bokaro, Dhanbad, and Ranchi. Surveillance indicates that suspect Vikram Sinha operates through an intermediary cut-out, identified as **Deepak Tiwari**, who controls logistics and safehouse arrangements in Bariatu. Financial laundering is managed through **Suresh Patel**, using front accounts in Axis Bank and HDFC Bank.

2. TELECOM HARDWARE & BURNER IMEI ANALYSIS

Signal analysis identified burner device IMEI **860492040192834** rotating across multiple SIM identities. The handset was first active with SIM **+91-9876500001** near Bariatu Tower (TWR-1001), subsequently appearing with SIM **+91-9876500002** at Doranda Tower (TWR-1002). 35 high-frequency pre-incident calls were recorded between this handset and target Vikram Sinha's primary line **+91-9835012345**.

3. NOCTURNAL CO-LOCATION & MOVEMENT RECONNAISSANCE

On the night of 15/01/2026 between 02:15 AM and 02:45 AM, cell tower triangulation detected a critical co-location event. Target Vikram Sinha and co-conspirator **Anita Devi** were registered within a 350-meter radius at Ormanjhi Junction Tower. Field units spotted vehicle **JH-01-AB-1234** departing northwards along NH-33 towards Ramgarh. A second vehicle, registration **DL-02-CD-5678**, was observed escorting cash courier Suresh Patel.

4. FINANCIAL HAWALA MULE TRAILS & STRUCTURING

Financial intelligence from FIU-IND flagged recurring structured deposits. A fund loop of **Rs. 1,98,000** was dispersed in tranches of **Rs. 49,500** through Axis Bank account **918020019283746** (holder Suresh Patel) and HDFC Bank account **50100234567890**. This structuring systematically avoids mandatory Income Tax PAN reporting.
